

Come Get What's Yours!

Don't waste your time girl.

Come get what's yours.

Don't waste my time girl.

Come get me I'm yours.

Your love tastes so fine girl.

Come get what's yours

Your love will soon be mine girl.

You make this man feel just like a boy.

I want to love you girl.

You are in my dreams tonight.

I am always thinking of you, girl.

I want to hold you tight tonight.

Why do you make me wait?

Oh can't you feel my pain?

Come get me now! I want you now!

Come get me now! I want you now!

Come get me now girl, I want you now!

Come and get what's yours! What's yours? I'm yours! All Yours!

What makes you wait? I long to appreciate!

Don't play this time girl.

Come get what's yours!

Don't stray this time girl.

Come once and for all!

Your love tastes like sweet wine, girl.

Come get what's yours!

I want you to be mine I will be your play thing.

I will be your toy!

I want to make love to you girl.

I want you in my bed tonight.

I'm always dreaming of you girl.

I'll make you feel so right tonight.

Why do you make me wait?

Oh, can't you feel this pain?

Come get me now! I want you now!

Come get me now! I want you now!

Come get me now, girl! I want you now!

Come Get What's Yours!
