

Goodbye!

I say "It ain't easy" my emotions not yet steady.

So you say you are leaving because I'm not yet ready.

That's no surprise cause I've heard that before.

But, to my surprise I watched as you walked out the door.

So I kiss you goodbye.

Yes I miss you tonight.

Yes I wish you good times.

And I kissed you for the last time.

I'll tell you "It ain't easy to let you go"

You did everything to please me with so much love.

So we will leave it as friends.

And all our heartache will now mend.

So please kiss me goodbye.

Yes I wish you goodnight.

As friends we will have good times

Two young lovers say, "Goodbye."

Well I've told you "Forever we will be friends."

Yes you've said the same of never having an end.

And that is why without you I'd rather be,

for I know your pain and suffering comes from being with me.

So I kiss you tonight.

To your lips I say, "Goodbye."

My friend you'll be for all times.

So please let's not say, "Goodbye"

Goodbye
