

## **If I Didn't Know Your Name!**

You gave to me even on your last day.

Never were you selfish not even in one single way.

You never lied to me; your hands always spoke the truth.

You would have died for me, your heart was innocent pure with truth.

I'll try to be strong and carry on your name.

I'll try to be truthful without shifting the blame.

I will be like you that much I owe you.

For my life wouldn't be the same if I didn't know you name.

If I didn't know your name! If I didn't know your name!

Life wouldn't be the same.

Where would I live? How would I see?

When would I breathe? Who would I be?

If I didn't know your name!

You made me to be a better man in every way.

Your love is what I need it gets me through every single day.

You opened up the world wide to me. Your blue eyes always spoke the truth.

You never denied unto me, my heart cries out at the very truth.

I'll try not to be wrong; I won't forget your name.

I'll try to stay youthful with washings to change.

I will be like you that much I owe you.

For my life wouldn't be same if I didn't know your name.

When I look, I don't see you here nor there.

Your life he took, I don't know when or where.

You were the best man that I ever knew.

A good man, I want to be just like you.

God blessed me with the love you shared.

If I didn't know your name! If I didn't know you name!

Life wouldn't be the same.

Where would I live? How would I see?

When would I breathe? Who would I be?

If I didn't know your name!
