Dear Joe,

The New York and New Jersey Harbor Inspection tour on board the COE's vessel HOCKING was outstanding. Many thanks to you and to Deckhands William Burns and William Fort for providing such a delightful afternoon. My wife, Terry, and I thoroughly enjoyed the opportunity to see the city from such a great venue. The cruise was really one of the special highlights during our wonderful weekend in New York.

With warm regards.

Sincerely,

M. R. JOHNSON
